CARTER RELATES HOW COMPANY E WENT INTO FIGHT

FRENCH ACCOMPANIED ALA-
BAMIANS IN FIRST OCCUPA-

Will Soon Be Home

TILLS OF DEATH OF SERGT. TOM
MASON, POPULAR HUNTS-
VILLE BOY.

The following letter is one of a
series written by Sgt. Harry Carter,
describing the experiences of Com-
pany E in France:

Lohndorf, Germany,
March 1, 1919

Dear Dad:—
I forgot just where I left off in the
last recital of the story that might
be properly entitled "an Alabama
Boll Weevil in France." I think we
were in our training area and just
about ready to move toward the
front.

Early in the month of February,
after we had gone through a month
or more of trench-warfare training, it
began to be rumored that we were
going to that "magic place," the
trenches. As the days passed, the
rumor grew. "O, you're just going in
for observation," said Dame Rumor.
"It won't amount to much. The 1st
Division went in a few days ago, and
they have had only sixty men killed."
Course, we didn't expect trench war-
fare to be a parlor game, but none
of us liked to picture himself as be-
ing one of the "sixty."

In much less time than it takes for
most rumors to crystallize, an order
came directing that all excess equip-
ment be stored, as the Division would
leave the area on "Thirty Days Field
Service" about the 15th of February.
No hint was given in the order as to
our destination, and though Pvt.
Jones heard "a certain lieutenant" say
we were going to such and such a
place and Corp. Smith had heard the
colonel say we were going to still an-
other place, no definite information
leaked out. We bid farewell to our
barracks bags, containing everything
except what the regulations choose to
call "Equipment A,"—two blan-
kets, a change of clothing, reserve
rations, and shelter tent.

Hikes to Railroad.
On the 19th the battalion I was
with hiked to the railroad station and
loaded on box cars marked "8 Che-
vaux—40 Hommes." Believe me,
whoever figured out that "40 Hom-
mes" could crowd into one of these
miniature box cars must have taken
a course in packing at the L. C. S.
(See advertisement in any popular
magazine). Anyhow, we loaded on
somehow, and away we went. Rode
about eighteen hours, when the train
stopped and we were ordered to "Fall
Out." We obeyed the order literally,
for we were all so stiff from staying
in one position so long, we could not
do otherwise than fall out. We hard-
ly had time to find out that the name
of the town was Bacarat before we
were given the order to "Fall In" and
out the other side of town we went.
Hiked about ten kilometers to the lit-
tle town of Fontenoy, and thought I
have since marched four times this
far in a day I have never been more
tired than when I reached my destina-
tion. I had been in the same posi-
tion so long and was so stiff I could
hardly move.

Near the Trenches.
At Fontenoy we found we were but
a short distance from the trenches.
The second battalion was in the same
town with us, while the first was a
little nearer the line. For the first
time we experienced the sensation of
having hostile aeroplanes fly over us
at all hours of the day and night, and
were much interested in seeing the
anti-aircraft guns fire at them and
the French aviators drive them away.

On the night of the 21st, our first
battalion entered the line at Anceril-
ler. They had with them a few
French soldiers to give them instruc-
tions. Each night patrols were sent
into No Man's Land, and on March
4th a patrol composed of Sgt. Hall,
and Corps. Whited, Freeman and
Teake of Co. D, and Sgt. West of
Co. F, encountered an enemy patrol,
and a fight ensued. Two of the Ger-
mans were taken prisoners, said to
have been the first prisoners taken by
Americans without the aid of allied

WORLD IS MENACED BY BOLSHEVISM AS NEVER BEFORE WINNING OVER OF HUNGARY OPENS GATEWAY OF CENTRAL EUROPE.

(International News Service)
London, March 25.—The allied mission at Budapest,
including American members, has been interned by the
Hungarian Bolsheviks, according to a report from Vienna
today.

(International News Service)
PARIS, March 25.—Boundaries and indemnities were
considered today by President Wilson, Premier Lloyd
George, Premier Clemenceau and Premier Orlando. All
possible speed is being made to reach an agreement on
these problems for the first peace treaty. Sixteen of the
26 articles in the league of nations covenant were disposed
of at the session of the league of nations commission,
which adjourned at midnight.

(International News Service)
PARIS, March 25.—The situation arising in Hungary from
the Bolshevik movement is causing extreme apprehension here.
The outbreak there has emphasized the necessity of getting the
peace treaty into form at the earliest possible moment to en-
able a return of peace conditions over a greater part of the globe.
President Wilson and Premier Lloyd George have again conferred
on the Hungarian situation, which is admittedly extremely dan-
gerous. Meanwhile, the delegates are speeding up all along the
line. The question of cable ownership, it is now believed, will be
settled along national lines.

(International News Service)
Paris, March 25.—At no time since the peace conference open-
ed has the menace of Bolshevism been so seriously considered as
it is today.

It is pointed out that by winning over Hungary, the Bolshe-
vists have opened up the gateway to virtually the whole of central
Europe. While no official statement was issued concerning the
conference of President Wilson, Marshal Foch and allied premiers,
it is understood that the situation in Hungary is viewed as serious
enough to call for active measures to check Bolshevism. What
these measures will be is known only to the heads of the govern-
ments. It is believed that if the British monitors at Budapest do
not quiet the Hungarians, more drastic action will be taken.

BOLSHEVIST MOVEMENT IN HUNGARY SPREADING

(International News Service)
LONDON, March 25.—The Bolshe-
viki revolutionary movement in Hun-
gary is spreading, according to ad-
vices from Amsterdam today, and
now extends into Croatia, Bosnia and
Slavonia. Clashes are taking place
between bands of armed workmen and
the Servians in southern Hungary.
The Hungarian reds are occupying
banks and have taken over many
newspapers. All of the allied sub-
jects in Budapest are believed to be
safe. Allied monitors are steaming
up the Danube at top speed to protect
entente interests. The Hungarian
soviet has ordered a general mobiliza-
tion of Hungarian troops as the re-
sult of the advance of Roumanian
troops as the result of the advance of
Roumanian troops into Transylvania.
Troop movements are under way in
Galacia, with a view to a coalition of
Hungarian and Russian Bolshevik
forces.

SUGGEST BOLSHEVIST DELEGATES BE SENT

(International News Service)
LONDON, March 25.—The start-
ling suggestion is now being made
in Paris that Nicholas Lenine, the
Bolshevik premier, be asked to send
representatives of the Soviet gov-
ernment to the peace conference, ac-
cording to the Daily Express today.

ALL TITLES ABOLISHED BY HUNGARY REDS

(International News Service)
BERLIN, March 24.—(Night)—
The new Bolshevik government in
Budapest has separated the church
from the state, abolished all titles
and has decided upon the socializa-
tion of all commercial enterprises,
said a dispatch from that city today.
The government has established its
first revolutionary tribunal and has
sent political and economic envoys to

Howell to Arrest All Who Violate Vernal Statutes

C. Ed Howell, chief of police of
Albany, today announced that he
would strictly enforce a number of
springtime city laws. One of these
relates to plowing city lots, another
to tying livestock in the streets or
on lots so that they can cross the
sidewalk, while another requires
that garbage cans must be placed
in all alleys. Hereafter any per-
son who leaves freshly turned
earth on the sidewalk to be con-
verted into mud by the first rain
will be brought into court to pay
a liberal fine. The same will ap-
ply to the violators of the other
vernal statutes referred to.

"No further notice will be giv-
en," said Chief Howell.

Seized Trunk Nets Sixteen Quarts of Stimulating Fluid

Decatur has a "trunk mystery!"
The mystery, however, lies not in
identification of severed members of
a human body.

It's booze!
A whole trunk of intoxicants was
captured this morning at the station
shortly after the arrival of Number
1 on which the aforementioned li-
quid refreshments are said to have
reached the city.

The owner is unknown.
But the city has 16 quarts more of
stimulating stimulants than it did at
this time yesterday as a result of the
police activity.

Peace Aims Outlined

THREE WELL DEFINED GROUPS
OF CLAIMS WILL BE PRE-
SENTED AT PARIS.

(By ALFRED G. ANDERSON.)
BERLIN, via London, March 25.—
Germany is going to the peace con-
ference with three well defined groups
of claims: 1—Restoration of Ger-
man colonies; 2—Preservation of
Germany's ethnological border; 3—
Future nationality of disputed Euro-
pean territories, formerly forming
part of the German empire, to be con-
sidered by self-determination.

Germany will enter the peace con-
ference with a clear understanding of
the obligation of paying for the dam-
age done in the devastated regions of
France and Belgium. She probably
will make a formal request for a huge
American loan to enable her to dis-
charge these obligations.

These are the outstanding features
of an interview I have just had with
Count Von Bernstorff, who will be
the adviser of the delegates.

EVERYBODY IS HIT BY NEW U. S. TAX

SILKEN CLAD ANKLES TO COST
MILADY MORE AFTER
MAY 1.

Slim, silken clad ankles and thin
peek-a-boo waists with a glimpse of
pink or blue something of a lacy na-
ture underneath may be considered
necessary by Mil-Lady.

But not so with Uncle Sam!
He is one mere man who has blind-
ed his masculine eye and hardened
his masculine heart against those
things and put them in the class of
"luxuries."

Officially they become luxuries on
May 1 on which date the new luxury
tax goes into effect on practically
everything wearable and handled by
the retail merchants.

Unfortunately, however, for the
males who would have turned out
reams of newspaper copy about it;
barber shop stand-bys who would
have discussed it at length; anti-suf-
frage lecturers who would have
decided the foibles at length and
costliness of the specia more deadly,
Alabama's voting population is hard
hit also by the new tax.

He is not only expected to pay the
tax of what Mil-Lady and Uncle Sam
place in separate classes, but he also
must pay it on his own silk shirts
and others costing more than \$3
each. His socks must not cost more
than one buck if he would fail to pay
a tax.

Toilet articles also come under the
new schedule and a special tax will
be collected on them.

CLERKS STAY OUT UNTIL ALL BACK

(International News Service)
NASHVILLE, March 25.—After a
large per cent being refused their old
places yesterday, on returning for
duty, the striking railway clerks here
held a mass meeting last night at-
tended by representatives of the
shops of the N. C. & St. L., with C.
F. Jackson, system chairman of the
clerks, presiding. It was voted that
all would remain out until all were
reinstated together, and a telegram
was sent to Director General of Rail-
ways Hines demanding that all strik-
ing clerks be restored to their old po-
sitions.

troops.

DESIGNS VICTORY EMBLEM

Inspired by the beautiful lines of
Colonel Maitland's poem, "In Flanders
Fields," Miss Moina Michael, who is
a war worker in service in the Y. M.
C. A. overseas conference headquar-
ters, located at Columbia university,
has designed an emblem entwining the
Flanders poppy with the torch of lib-
erty, which she offers for adoption as
a national victory memorial to be dis-
played throughout the country.

TOTALS OF DRIVE STILL CLIMBING

TWO MORE CHURCHES ARE
NEAR GOAL IN "VICTORY
CAMPAIGN."

According to T. Frank Lewis, chair-
man of the Willoughby church com-
mittee which put on the campaign for
the South Albany Presbyterians, the
committee took in \$1360 for their
part in the \$38,000,000 fund raised
by all U. S. A. Presbyterians Sunday
throughout the nation.

Mr. Lewis said that so far his
committee was about a hundred dol-
lars short of \$1450 which, it was
hoped would be subscribed to the big
fund by the South Side church, but
that there were several yet to make
their donations.

Rev. M. M. Crow, pastor of the
West Side Presbyterian church, stated
that although on Sunday two of
the solicitors for the "victory fund"
were out of the city and hence could
not make their canvases, and there-
fore West Side's quota was not yet
all in, that he was confident his
church would meet the full obligation
as imposed by the church at large—
this amount for the West Side con-
gregation being about \$1200.

captain, later being promoted to ma-
jor. He saw service both at Atlanta,
where he was in command of the
military police, and at Camp McClel-
lan, Annapolis. His regiment was
preparing to leave for France when
the armistice was signed.

NEGRO ACCUSED OF SLAYING ANOTHER; BEING HELD HERE

CAUGHT AT MOULTON HEIGHTS
BY SHERIFF MAY AND
DEPUTY GRUBBS.

Robbery is Alleged

WILL STOVER AWAITING ARRIV-
AL OF OFFICERS FROM
MAGIC CITY.

Will Stover, negro, is held in the
Morgan county jail to await the ar-
rival of Birmingham officers who
are expected here today. He is ac-
cused of implication in the murder
and robbery of Will Washington, an-
other negro, at Inglenook, near the
Magic City on March 21.

Stover was arrested last night at
9:30 o'clock near Moulton Heights by
Sheriff J. V. May and Deputy Sheriff
A. S. Grubbs, following receipt of a
letter and telegram from the police
at Inglenook who stated they had in-
formation that a relative of Stover
resided near here and it was thought
probable that he was hiding here as
it was known he left Birmingham
on a northbound Louisville and
Nashville train.

Local officers got on the trail of
the negro immediately and his cap-
ture last night was affected without
any trouble.

The Birmingham official's letter
declared Washington was robbed of
between \$700 and \$800 when he was
slain. They accuse another negro of
being with Stover at the time. Stov-
er, it is said, told local officials that
he had nothing to do with the killing
and is reported to have blamed a
negro named Hill.

HOTEL COMMITTEE TO MAKE REPORT

AT REGULAR THURSDAY NIGHT
SUPPER OF THE BOARD
OF COMMERCE.

The hotel committee, recently
named by the Albany Board of Com-
merce, will submit a report at the reg-
ular Thursday night supper to be
served at the board rooms, it was an-
nounced today by Chairman Hal Mul-
len.

"A full attendance of the mer-
chants and business and professional
men is urged," said Mr. Mullen today.
"The committee has some interesting
facts to report, and will go into de-
tails regarding the proposed site and
the subscriptions secured. I may say
that things look mighty good."

STREET FAIR IS IN FULL SWING

WALLICK SHOWS OPENED LAST
NIGHT AT THE BASE-
BALL PARK.

The Wallick Greater shows, pos-
sibly the only street fair to be seen
in Albany this year unless the city
council changes its attitude, opened
last night at the baseball park, under
the auspices of the Order of Owls.
Despite the fact that it was opening
night, the attendance was good, sev-
eral hundred persons passing through
the gate.

The attractions, carried by the car-
nival are high-class and free of ob-
jectionable features. Sheriff May
and his deputies as well as several
members of the Albany police were
on hand looking things over, but
they found nothing to criticize.

Among the attractions that re-
ceived liberal patronage on the opening
night was the Wallick Spotlight Min-
strels, the Society circus, exhibiting
trained goats and dogs and giving a
vaudeville program in connection, and
Ollie Olson, wrestler and boxer, who
issued a challenge to all comers. He
offered to pay \$1 a round for any
man of any size who would last
three rounds and \$1.00 a minute for
any antagonist who would last ten
minutes.

Several free acts are given, all of
which won much applause. A trep-
eze performer did some especially
novel and daring stunts.

troops. All the boys were awarded the Croix de Guerre by the French and, later, the D. S. C. by their own government. The first battalion remained in the line until March 7th, when they were relieved by the second battalion. Eight days later, we in turn relieved the second.

Eight Men Killed.

During our month in the line, our regiment suffered a loss in killed of eight men. The sector, previous to our arrival, had been listed as "quiet." But we did not come over to pursue a policy of "watchful waiting." This sort of thing was ended when we declared war. We lived things up from the start, and as we showed signs of life, so did Fritz. Each day he shelled our sector quite lively, and at the end of the month I suspect we had suffered as heavily as Dame Rumor promised. We had our baptism of fire, and we were not sorry when the French took the sector over again on March 21st.

Relieved, we started hiking back toward the area from whence we came. We understood that we were to return to the Rolampont area for additional training, but on the third day we were halted because of the drives made by the Boche on the English. Five days later we started back to the line and took over, without allied aid, the Bacarat sector, being the first American Division to hold a sector alone.

Holds Important Sector.

From the 1st of April to the 20th of June, we held this sector, and I think history will record the fact that no other division has held a sector so long. While it was, in comparison with other sectors we have since occupied, a quiet one, we suffered quite a number of casualties, in killed, captured and wounded. Every night and nearly every day, patrols were sent into No Man's Land, frequent raids were pulled by both sides, and there was more or less shelling at all times.

One boy who is well known in the Decatur was killed while we were on this front—Sgt. Tom Mason, of Huntsville, who was formerly a member of Co. E, but who transferred to Co. D in order to become company mess sergeant. Tom numbered his friends by the score throughout the regiment and his death was sincerely mourned. Scores of other young fellows paid the supreme sacrifice, but he is the only one I remember who was well known there.

Relieved by New Yorkers.

On June 19th, we were relieved by the 77th (New York) Division, the first National Army Division to see active service, and set out by way of "ankle express" for a more active front. You have perhaps already read Borden Burr's graphic description of our hike and battle, in the Birmingham paper, but I will take it up from a little different view point in my succeeding letters. It is quite a coincidence that on the second anniversary of their being called into service, the old Fourth regiment set out to take part in their first big battle of the World War.

If Dame Rumor speaks as truly now as she did in February of last year, we will soon be home, and I will be content to sit in the chimney corner and tell you the whole story of my part and, so far as I know, that of the home company, in the war.

Hoping with all my heart that I will soon be back with you, and with lots of love to all the family.

Your affectionate son,
HARRY.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterilizing remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haarem Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health. All others are imitations. Ask for GOLD MEDAL, and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

It Led Then and Leads Now

HUDSON SUPER-SIX GAINED ITS LEADERSHIP
ON THE SPEEDWAY. IT MAINTAINS IT
WITH 60,000 USERS

The records Hudsons made in the tests that prove endurance are just as important today as they were when made two and three years ago.

That was the only way then in which it could be proved a life car. The abuse which only the speedway and the hardest touring and hill climbing would reveal in a few hours had to be used to demonstrate Hudson limits of endurance. Ordinary driving was too slow.

Now 60,000 users through every kind of service and neglect are individually confirming what was shown in those tests. They have established the leadership of Hudson Super-Six in every way that proves performance and long life.

Rival's Imitations Make It the Pattern Car

Every car produced since Hudson Super-Six design showed the importance of minimizing motor vibration, as it does with its exclusive motor, has reflected Hudson leadership. First it was mechanical leadership. Now it is in body designing as well, that others look to Hudson.

This year's auto shows reveal that influence. Comparison of most cars with earlier Hudson models show it. Present Hudson models in such types as the Sedan, the Touring Limousine, Coupe and others are regarded as forecasts of what others will offer next fall.

When you get a Hudson you may expect to see a similar type on models which others bring out six months to a year hence. But there is a shortage of Hudsons this spring as there has been every spring for the past three years. You should speak early to assure delivery.

Calomel Today! Sick Tomorrow!

I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates the mouth, makes the tongue black, and causes a disgusting liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take it and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

RATHER SEE SON DEAD THAN HELD FOR CRIME

(International News Service.)
CINCINNATI, Ohio, March 25.—"I would rather see you dead than in this awful trouble."
This was the greeting given William Gibbs, former railroad detective, who shot and killed one man and wounded two others, when his mother called at the police station to see him. Gibbs' answer to his mother was to the effect that he has no knowledge of having shot anyone. The brawl was in a saloon.

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing in hot sand—these, and other harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neolin Soles. So says R. J. Doty, plant superintendent of the Sivy Steel Casting Company, Milwaukee, Wisconsin.

"The best oak tanned leather soles last about three weeks under the abuse given them in the foundry, while I have been wearing a pair of Neolin Soles for more than three months. And to all appearances, they are as stout as when first put on my shoes," says Mr. Doty.

Only Neolin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable—flexible and waterproof, too. To reduce your own shoe expense, and to cut the family shoe bills, buy Neolin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-bottomed with Neolin Soles. These long-wearing soles are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outlast all other heels.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a reverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it! (Adv.)

LETTERS FROM
TRENCH & CAMPVerdun, France, Dec. 10, 1918
Dear Mother:

This leaves me well in every way except being anxious to get started home but can't tell when that will be. This afternoon at retreat the top sergeant said answer here when your names are called, so when he had read about forty including mine, said roll your packs complete and be ready to start for Bordeaux at once. So I have gotten my equipment together and am writing while I wait to get started.

How is papa getting along? We are kept very busy either with trench work that never ending squad drill.

Oxford Windham is still with us. Haven't met with any one that I have ever known yet, but have gotten acquainted with quite a number that make very good friends and don't have time to even think of getting lonesome.

Received a letter a few days ago written Nov. 11. I guess they really did have some celebration when the armistice was signed.

MOVIE STARS TO PAY
LARGE INCOME TAXES

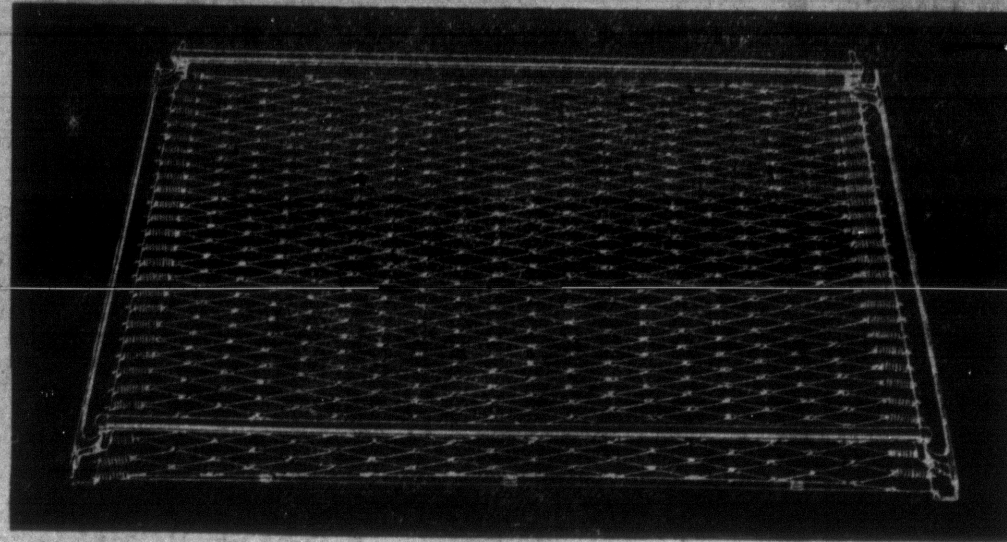

(International News Service.)
LOS ANGELES, March 25.—Uncle Sam, if he were mind to, could tell accurately whether fabulous salaries paid movie stars are or are not pretty press agent dreams, but estimates here have it that the seventeen principal stars and directors and forty minor directors and sixty stars will pay an income tax of approximately \$3,290,000 in Los Angeles this year. The total income of the seventeen leading stars and directors was placed in the neighborhood of \$7,358,000. This list includes Theda Bara, Mary Pickford, Bill Hart, Douglas Fairbanks, Charlie Chaplin, D. W. Griffith, Thomas Ince, Cecil de Mille, Roscoe Arbuckle, Anita Stewart, Clara Kimball Young, Geraldine Farrar, Marguerite Clark, Mme. Nazimova and Kitty Gordon.

INSTALLS YOUNG ARSENAL
TO PROTECT HIS STILL

(International News Service.)
EVERETT, Wash., March 25.—With his "moonshine still" protected by dynamite mines and a system of electric wires that gave immediate warning of the approach of "visitors," Ed Newsome, a giant mountaineer, was placed under arrest here despite his well-guarded rendezvous. He is charged in a Federal warrant with manufacturing whiskey. Newsome maintained a "young arsenal," internal revenue officers declared. They said also that the still operated by him was the largest ever discovered in the Northwest. Eighteen barrels, each containing fifty-two gallons of whiskey were seized. Government agents say the prisoner told them he had ordered more whiskey that he could distill at \$25 a gallon.

Taken According to Directions After You Are on the Road to Recovery Will Restore Your

Strength, Vim
and Appetite

Trade Mark
Used Since
1916

After your physician has pronounced you out of danger, you need a tonic to build you up. You can do no better than go to the nearest up-to-date drug store and obtain a bottle of Nux-Iron-Paw-Paw compound—take it strictly according to directions—one tablespoonful 3 or 4 times a day. You will quickly find that the wine basis and ingredients in this remedy will materially aid you in restoring you to your former activity and health. This compound contains no alcohol or whisky except the ordinary strength of the port wine used in its manufacture.

All we ask is, take it according to directions. If you are rundown, nervous, debilitated or constipated you will find quick relief and ultimate recovery of health.

In your anxiety to get better quickly, don't overdo it, as many sufferers do, and take larger doses of this standard remedy. It will not act any faster, and you will not receive the same benefits from its use you otherwise would.

Your druggist possibly keeps it, but if he doesn't it is sold by all leading drug stores.

WARNING—Ironized Paw-Paw has the formula on every bottle. If taken according to directions, will be found superior to any tonic, having a quarter of a century's unqualified endorsement from people all over the world. Interstate Drug Company, Inc., New York.—(Adv.)

MISSIONARY SOCIETY.

The Woman's Missionary Society of the Central M. E. church met at the parsonage March 24. Mrs. J. A. Foster conducted the devotionals and was leader. Subject: "Vows." Mrs. Proctor called attention to the different kind of vows and stressed the church vow which is "to attend upon its ordinances and support its institutions."

Louise Almon gave a solo, and Anna Margaret Arnold, a reading. Both were enjoyed. These were representatives of the Junior missionary society. The president came to the chair, and after a short prayer called the society to order. Reports of the standing committees were called. Mrs. Moyer, Mrs. Alexander and Mrs. Steed were appointed to investigate printing a church directory. An Easter Market was also decided upon. Dr. McGlawn emphasized tithing, and a personal workers campaign, after which he dismissed the meeting with prayer.
